

Flexibility:

Multi-candela strobes offer the broadest range of candela options. In addition, the selectable candela strobes can operate on either 12V or 24V, with no setting required; the device recognizes and self-adjusts to the correct current automatically.

Aesthetics:

TAC selectable candela strobes incorporate the same stylish, low profile design of the conventional TAC products, for a consistent and aesthetically pleasing appearance across the entire product line.

Features:

- Operates on either 12V or 24V
